

Product Name :
A Set of Wooden Model on Interpenetration of Solids

Product Code :
ELABBODM06

Description :

A Set of Wooden Model on Interpenetration of Solids

Technical Specification :

- (A) Two cylinders of different diameters penetrating each other at right angles.
- (B) Two cylinders of different diameters with oblique penetration.
- (C) A cylinder into a cone with oblique penetration.
- (D) A Cone and cylinder with penetration at right angles.
- (E) Two cones at right angles.
- (F) Two square prisms of different sizes at right angles.
- (G) Two square prisms at oblique angles.
- (H) Sphere and cone at centre.
- (I) Sphere and cylinder eccentric.
- (J) Sphere and cylinder at centre.
