

Product Name :
Wood Turning Lathe Bench Model

Product Code :
ww0012

 **LAB ENGINEERING**

Description :

Wood Turning Lathe Bench Model

Technical Specification :

Wood Turning Lathe Bench Model.

Wood Turning Lathe Bench Model.

Provided with motor arrangement having length of bed and all other specifications catalogue enclosed here with, complete with electric motor 3 phase, 440 volts, motor pulley, v belt, switch spur and cup face plate with screw centre.

Lenght of lathe bed	1000	1350 mm
Swing diameter	300 mm	300 mm
Spindle bearings	Heavy duty ball bearings	
Spindle speeds	2500 / 1400 / 820	3100,1820,1150 660 RPM
Distance between centres	750 mm	1000 mm
Spindle nose taper	MT-2	No. 2 Morse
Tool rest length	200mm	250 mm
Total weight approximate	100 Kgs.	100 Kgs.
HP recommended	0.5 HP	1 HP
