

Product Name :
Instrument and Lighting 1-phase & 3-phase Motor**Product Code :**
ELECTRICIAN0001**Description :**

Instrument LAB MACHINES and Lighting 1-phase & 3-phase Motor

Technical Specification :

1-phase & 3-phase motor trainer, on its electrical control cabinet, the double sides, 1-phase and 3-phase motor control training are as same as 1-phase, 3-phase motor trainer's electric control cabinet, 1-phase and 3-phase motor training.

AC asynchronous motor jog control circuit connection;

Button, contactor inter-lock 3-phase AC asynchronous motor rotation control circuit connection;

3-phase AC asynchronous motor Y-(manual) voltage drop start control circuit connection;

3-phase AC asynchronous motor Y- (time relay) voltage drop start control circuit connection;

Stator winding serial resistor start control circuit connection;

3-phase AC asynchronous motor energy consumed braking control circuit connection;

3-phase AC asynchronous motor

Motor reversed braking control circuit connection;

Multi-motor sequence control circuit connection;

Motor travel control circuit connection;

Dual-speed motor speed regulation control circuit connection;

Common lathe control circuit connection;

Electric pulley-block control circuit connection.

1. Power supply

Power supply input: 3-phase, 5-line, AC380V±10%, 50Hz;

Source output: 3-phase AC 380 V;

We are well-known manufacturers, OEM suppliers of Instrument LAB MACHINES and Lighting 1-phase & 3-phase Motor for ELECTRICIAN LAB MACHINES. Contact us for high quality Instrument LAB MACHINES and Lighting 1-phase & 3-phase Motor for ELECTRICIAN LAB MACHINES for schools lab, college lab, universities, research labs, various teaching and workshop training laboratories and industries in India.
