

Product Name :
SPEED MEASUREMENT BY INDUCTIVE PICKUP

Product Code :
Measurement0009

Description :

SPEED MEASUREMENT BY INDUCTIVE PICKUP

Technical Specification :

Here a simple setup is provided using which one can experiment with speed measurement characteristics of inductive type proximity switch. Here setup is supplied with PMDC motor & Speed controller unit.

SPECIFICATIONS

1. Motor: -
 - Type: - variable speed
 - Speed: - 1000 rpm
2. Sensor: -
 - Type: - Inductive
 - Size: - M18
3. Speed Indicator
 - Range: - 30 to 9999 rpm
4. Speed Controller
 - Type: - Solid State
