

Product Name :
Blood Bag Tube Sealer Automatic

Product Code :
CENTRIFUGES0002

LAB ENGINEERING

Description :

Blood Bag Tube Sealer Automatic

Technical Specification :

Technical Specification :-

- Programmable
- Microprocessor control.
- Very stable and reliable working
- Working Voltage Range ; 220Volts \pm 10%, 50HzA.C.

Technical Parameter :-

- Sealing Voltage : Automatically Adjustable
- Control Microprocessor Control

- Sealing Time 0.5-12 second adjustment

- Sealing Play Automatically

- Size of the Tube Trim, Thickness

- Weight 7kg

- Dimension 200 x 160 x 170 mm (LxWxH)
