

Product Name :
U.V. Transilluminator College Model

Product Code :
CENTRIFUGES0012

LAB ENGINEERING

Description :

U.V. Transilluminator College Model

Technical Specification :

It is required in biotechnology, Molecular Biology application in colleges, Universities, Research Institute.

- Design College Model transilluminator
- Model T1-20
- Wavelength 365nm band
- No. of UV Tubes & Inpanel
- Voltage & Watt
- Detection Limit 200 ng
- Blue Print Area 100 x 100 mm approx.

- Body MS with powder coated

- UV Protection Shield Film
