

Product Name :
U.V. Transilluminator Research Model

Product Code :
CENTRIFUGES0013

Description :

U.V. Transilluminator Research Model

Technical Specification :

- Power Model: 500W
- With U.V. Transilluminator smart box, very accurate
- For research work
- Wavelength: Dual Intensity 252 and 365nm
- No. of Tubes 6
- With type 2 units
- Detection limit 0.01 ngm. of altered DNA
- View area 210x350mm

- Filter Quartz UV filter

- Body Aluminum pressure die casted body

- Finished in Black powder coating

- UV Protection Shield Yes.
