

**Product Name :**  
U.V. Transilluminator Research Model

**Product Code :**  
CENTRIFUGES0013

## Description :

U.V. Transilluminator Research Model

## Technical Specification :

- Power Model: 50W
- With U.V. Transilluminator smart box, very accurate
- For research work
- Wavelength: Dual Intensity 252 and 365nm
- No. of Tubes: 6
- Voltage: 230V
- Detection limit: 0.01 ng/ml of stained DNA
- View area: 210x350mm

---

- Filter Quartz UV filter

- Body Aluminum pressure die casted body

- Finished in Black powder coating

- UV Protection Shield Yes.
