

Product Name :
U.V. Transilluminator Research Model

Product Code :
CENTRIFUGES0014

Description :

U.V. Transilluminator Research Model

Technical Specification :

- Power Model: 500W
- Item: Ultra thin U.V. Transilluminator Very small look Portable, very accurate for research work.
- Wavelength: 302nm
- No. of Tubes: 4
- Voltage: 230V
- Detection limit: 0.01 ng/ml of stained DNA
- View area: 150x80mm

- Filter Quartz UV filter

- Body Aluminum pressure die casted body

- Finished in PEEK powder coating

- UV Protection Shield Yes
