

Product Name :
U.V. Transilluminator Research Model

Product Code :
CENTRIFUGES0015

Description :

U.V. Transilluminator Research Model

Technical Specification :

- Power Model: 0015
- Item: Ultra thin U.V. Transilluminator Very small look Portable, very accurate for research work.
- Wavelength: 302nm
- No. of Tubes: 4
- Weight: 2.5kgs
- Detection limit: 0.01 ng/ml of stained DNA.
- View area: 100x80mm

- Filter Quartz UV filter

- Body Aluminum pressure die casted body

- Finished in PPS powder coating

- UV Protection Shield Yes.
