

Product Name :
 Study Of Microwave Component

Product Code :
 EEI0004

Description :

Study Of Microwave Component

Technical Specification :

- To study Magic Tee, Directional Coupler, Isolators & Circulators.
- To measure characteristics of detector diode.
- To study attenuation measurements.
- To study the return loss measurements.

Component Name	Qty.
Klystron power supply	1
Klystron Tube	1
Frequency Meter	1
Fixed Attenuator 3.0, 10dB	2
Detector Mount	1
Slotted Section	1
VSWR Meter S&S Style	1
S & S Tuner	1
Coupling Pin	1
MWD Coupler 1.10,20dB	2
S-Plane Tee	1
Klystron Mount	1
Isolator	1

Variable Resistor	1
Wago Tie	1
Variable Shift	1
Tunable Probe	1
Sensor	4
BNC Cable	1
Matched Termination	1
Cable	1
H-Plane Tee	1
