

Product Name :
To Measure Dielectric Constant Of Solid and Liquid

Product Code :
EEI0006

Description :

To Measure Dielectric Constant Of Solid and Liquid

Technical Specification :

1. To measure dielectric constant of liquid.

2. To measure dielectric constant of solids.

3. To measure phase shift.

4. To measure Q of a cavity.

Component Name	Qty	
Kilovolt Power Supply	1	Kilovolt Meter
Kilovolt Tube	1	Insulator
Frequency Meter	1	Variable Attenuator
Slotted Section	1	Tunable probe
Detector Mount	1	Solid dielectric cell
Liquid Dielectric cell	1	GDWV meter with case
Stand	4	Wave guide cavity
BNC Cable	1	Cooling Fan
Moveable Short precision	1	Phase Shifter
Set of Dielectric	1
