

**Product Name :**  
 Retracting Microtome

**Product Code :**  
 MEDICAL0002

**Description :**

Retracting Microtome

**Technical Specification :**

Accurate specimen advance.

Convenient specimen holder.

Protective cover for easy cleaning & lubrication.

Safety device.

Reduced hand stress.

Section thickness range	1-50 microns	1-50 microns	1-50 microns
Section thickness setting	In steps 1 micron		
Slide length	120mm		
Operation	Manual		
Block (Specimen) Holder	Set of three		
Object head	With wheel		
Vertical specimen stroke	55mm		40mm
Max. specimen size	32mm		40x50mm
Adjustment with locks	Provided		

Thickness control	Manual		
Specimen orientation	360°		
Knob angle	0 to 10°		
Fluor holder grip	Single	Double	Double
Dimensions	300x300x140 mm		
Weight	35 kg		35 kg
Dust cover	Provided		
Instruction manual	Provided		
L Mounts	Optional 50x25x20mm
