**Product Name:** Knife Sharpeners

Product Code: MEDICAL0015

## **Description:**

Knife Sharpeners

## **Technical Specification:**

| SCH Program consist, was programme.                    |  |
|--|--|
| Mild popular toda haldas                               |  |
| Adamster describing.                                   |  |
| Buffer adjusting mechanism for turing balls.           |  |
| Convenent tassing and salesing for help slicing.       |  |
| San video genetion.                                    |  |
| folk Lungh : 110-200cm                                 |  |
| Politions : Lets for Chris                             |  |
| Granding Angle : 23-05 day C (grad angle 11-225 day C) |  |
| Trong Bragar : 1-02 rm                                 |  |

| Kithi bitannal : 5,16,26 a and unifolmed |  |  |
|--|--|--|
|  |  |  |
|  |  |  |
|  |  |  |
|  |  |  |
