

Product Name :
LOW TEMPERATURE CABINET VERTICAL (DEEP FREEZER)

Product Code :
BMHCE0006

Description :

LOW TEMPERATURE CABINET VERTICAL (DEEP FREEZER)

Technical Specification :

Deep Freezer / Ultra Deep Freezer Cabinets are in conformity with all requirements of industry for economic way to create Temperature below freezing point to suit various standards application in the field of, science & research for storage & testing in biology, anatomy, chemistry & in many other fields, for industry & science.

Features - Temperature Range
Deep Freezer - -20°C to -35°C
Ultra Deep Freezer - -80°C to -130°C (optional)

Models - Horizontal & Vertical

Capacity - 170 ltr 265 ltr 425 ltr 600 ltr
