

**Product Name :**  
Alternator

**Product Code :**  
EELE0005

#### Technical Specification :

This is an AC 3 synchronous alternator with, square path, 4 poles, and rotor wound stator excited type. This is screen protected IP22, with drip proof enclosure.

Specifications: Voltage: 415V Amps: 4.2A RPM: 1500 KVA-3 Rating-CMR Phases-3,Hz-50 ENCL-S.P,PF-0.8
