

Product Name :
Electrical Wiring Training System /Rig

Product Code :
BEE0001

Description :

Electrical Wiring Training System /Rig

Technical Specification :

Electrical Wiring Training System /Rig
(For basic testing and measurement of electrical parameters)

AC supply: 220-380.

DC Output Voltage: Fixed: 200V, 3A

Variable: 0-200V, 12A / Analogue Voltmeter: 300V

Analogue Ammeter: 15A: mounting facility for domestic components.

Electrical Wiring Training System /Rig Operation Manual, Lab Instructor Guide and Student Workbook. Electrical Wiring Training System /Rig for Educational

We are well-known manufacturers, OEM suppliers of Electrical Wiring Training System /Rig for Basic Elcrical Engineering lab Equipment. Contact us for high quality Electrical Wiring Training System /Rig for Basic Elcrical Engineering lab Equipment for schools lab, college lab, universities, research labs, various teaching and workshop training laboratories and industries in India.
