

Product Name :
Commercial refrigeration training unit

Product Code :
RACL0001

Description :

Commercial refrigeration training unit

Technical Specification :

Features:

- Sight glass tubes at inlet and outlet of evaporator and condenser constructed of explosion proof, tie-bolt design
- Cut-out and by-pass valves
- Hand valves allow malfunctions to be simulated
- Many control changes are possible
- Combination low pressure control and high pressure cut-out
- Thermostatic control with an adjustable range of -30°F to 100°F
- 2 solenoid liquid line valves
- Compressor: Single phase, 1/2 HP semi-hermetic (bolted reciprocating-type)
- 115V/220v AC, 60 Hz, 15 Amp
- Evaporators: Copper tube coils with aluminum fins and variable speed blower mounted on back of panel
- Condenser: A forced air-cooled condenser to match compressor capacity

We are well-known manufacturers, OEM suppliers of Commercial refrigeration training unit for Refrigeration And Air Conditionings Lab. Contact us for high quality Commercial refrigeration training unit for Refrigeration And Air Conditionings Lab for schools lab, college lab, universities, research labs, various teaching and workshop training

laboratories and industries in India.
