

Product Name :
Plastic Caution Barricade Tape Yellow**Product Code :**
ELABHTOOLSUK360001**Description :**

Yellow Plastic Caution Barricade Tape is an excellent choice for marking dangerous, construction, or hazardous areas.

Technical Specification :

Heavy-duty barricade tape is an excellent choice for marking dangerous, construction, or hazardous areas. Choose from pre-printed messages to aid in alerting passers-by, block off restricted areas, or obstructing dangerous paths. This strong tape is constructed from weatherproof poly vinyl chloride that is designed with toughness to hold up to harsh outdoor conditions. Our non-adhesive, non-conductive vinyl barricade tape has added plasticizers for increased elasticity. Fade resistant colors quickly catch people's eyes and alerts them of the danger or caution that must be taken. Adding to the alert, our message is printed on the tape in large, bold 2 inch black capital letters, repeating all the way through.
