

Product Name :
PRESSURE TAINER KIT

Product Code :
EELELABT10007

Description :

PRESSURE TAINER KIT

Technical Specification :

On board pressure sensor kits , with 2 PSI fs, Output is ratio metric to the power supply

Facility to generate and monitor pressure on LCD Display In Both engineering Units mmHg as well as psi Units
Wide temp compensation range

LED Indicators; Facility for interface, with microcontrollers

Elab Engineering Equipments Manufacturers
