Product Name :	**Product Code :**
Carbon Monoxide Sensor Trainer	EELELABT10011

Description :

Carbon Monoxide Sensor Trainer

Technical Specification :

MQ7 CO sensor based 8051 compatible

16*2 LCD display to show value of CO value in air

Alarm after a predefined value of CO in air

On board power supply section with power indicator

and test point

EXPERIMENTS:-

To study and observe the value of carbon monoxide in air and activation of alarm automatically if the value exceed 100 ppm.
