

**Product Name :**  
DC STEPPER MOTOR TRAINER**Product Code :**  
EELELABT10016 LAB ENGINEERING**Description :**

DC STEPPER MOTOR TRAINER

**Technical Specification :**

With power supply of 24V DC/ 2.5A.

Switch for control current.

Switches for controlling the step angle.

Switch to control speed and direction

Big (torque=3nm) and small (torque=0.5nm)

Stepper motor with driver.

 **LAB ENGINEERING****Elab Engineering Equipments Manufacturers**
