

Product Name :
Tubular Ankle Support

Product Code :
ELAB-RHT0001

 **LAB ENGINEERING**

Description :

Tubular Ankle Support

Technical Specification :

Tubular Ankle Support

Provides therapeutic support, warmth, gentle and uniform compression from calf to ankle and thus gives relief to tired and aching calf.

Being two way stretchable, soft and seamless with open toe and hill, it feels comfortable throughout the day.

Available sizes: XS, S, M, L, XL.
