

Product Name :
Siemens 900C Ventilator**Product Code :**
ELAB-MVET0003 LAB ENGINEERING**Description :**

Siemens 900C Ventilator

Technical Specification :

Siemens 900C Ventilator

Gas consumption: Approximately equal to preset aspiratory minute volume or equal to flow meter setting.

Gas supply via high pressure inlet: From central gas supply, compressor or gas cylinder.

Electronic gas supply unit, inlet pressure: 2.5-5 bar (250-500 kPa, 35-70 psi).

Other gas supply inlet pressure: 2.5-7 bar (250-700 kpa, 35-100 psi).

Gas supply via low pressure inlet: Vial flow meters.

Power supply: (100), 110, 120, 220, 240, 50 or 60 hz.

Power consumption: Approximately 40 W.
