

**Product Name :**  
Digital Homogenizer

**Product Code :**  
ELB-THN001

 **LAB ENGINEERING**

**Description :**

Digital Homogenizer

**Technical Specification :**

Compact digital homogenizer unit with high watt motor  
0.05ml - 3.5L volume range  
Viscosity up to 50,000 mPas  
Bright LED display & user-friendly controls  
Homogenize, emulsify, blend and/or mix  
Includes U-shape Stand Assembly  
Generator probe not included
