

**Product Name :**  
Cut Section Model of Four Stroke Petrol Engine**Product Code :**  
AUTE0009**Description :**

Cut Section Model of Four Stroke Petrol Engine

**Technical Specification :**

The cutaway model is carefully sectioned for training purposes, professionally painted with different colours to better differentiate the various parts, cross-sections, lubricating circuits, fuel system, cooling system etc.

Many parts have been chromium-plated and galvanized for a longer life.

The engine will be sectioned to show the internal constructional details.

The working of individual part and accessories like Valves, Pistons, pumps, Crank and Camshaft, etc. will be demonstrated.

This actual cut section engine helps the student to understand about the parts and the working of the engine very easily.

It is specially made dissectible for demonstration purposes.

The actual cut section engine will be supplied with key card & very interesting literature regarding working.

It is provided with Flywheel and it is mounted on a sturdy iron frame.

**FEATURES:**

Operated: Manually (Through a Crank Handle)

Equipment Layout: On Base

Fine finish

Functional accuracy

Simple operations

**SPECIFICATION:**

Displacement: 160cc

Power: 6 hp

---

Camshaft in the crankcase  
Overhead valves  
Rpm regulator  
Oil pump  
Carburetor  
Air filter  
Silencer  
Tank
