

Product Name :
Metre Bridge**Product Code :**
ELAB-TENDR-002-0017 LAB ENGINEERING**Description :**

Metre Bridge

Technical Specification :

One meter long
Jockey, covered wire lead with two conductive ends included
Great for classroom experiments in physics. Used to determine and compare two resistances.
Two gaps mounted on sheet metal base, scales 0 – 100 and 100 – 0 with jockey

 **LAB ENGINEERING****Elab Engineering Equipments Manufacturers**
